SUPPLEMENTAL EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ruthleen Uy on Monday, November 01, 2004.

The application has been amended as follows:

A newly formed sentence will be added to the beginning of independent claim 8. The newly formed sentence has been inserted into the independent claim and underlined to distinguish the sentence from the amended claim. Independent claim 8 will read as follows:

A computer readable medium comprising the executable instructions for creating a multimedia document made up of a hierarchically-organized set of elements themselves having attributes, at least one of said attributes being associated with an even-condition action or "ECA" type formalism, said multimedia document being characterized in that it is described in a description language, and in that said ECA formalisms are described in a manner such as to enable them to be interpreted by a software module so as to enable the representation of said multimedia document to be varied by means of actions being performed as a function of events and of conditions, in which document the hierarchically-organized set is made up of composite elements, each of which is made of contained elements, the attributes of the various elements being statuses which describe the states of the various portions of the document, and in which document an event is constituted by a change in the value of a status of an element being
